hear this touching story...

GOD'S BLESSINGS CONTINUE!

In February we received and approved an application to assist a triad with a little boy, Garrison, due in late March...the exact day the adoptive family received the news that we had awarded them financial aid; they were approached with ANOTHER opportunity to adopt.

The whole mission of Leap of FaithE from the beginning was to be encourage people to take a "leap of faith" and be willing to adopt. This adoptive family did just that and agreed to welcome this sweet little girl already born a few days prior AND the little boy due the end of March into their family.

attorney working with the family stated- "You do not understand the level to which you all are leaving other open for blessings...Your assistance with the 1st adoption allowed them to now adopt this other child in need of a home...The help Leap of FaithE provided gave them the confidence to step out in faith for this other little girl as well. I love what you all are doing so much!"

DID YOU KNOW?

The average funding we award to applicants is

\$7,531

2/3 of those funds go to help fund Mental Health healing for the birth parents

WE HAVE ALSO FUNDED 2 BIO DADS IN THIS PROCESS. NOT JUST BIRTH MOMS!

DONOR DOLLARS AT WORK!

One birth mom that we awarded funds to didn't use them within the 1 year window that was agreed upon. This is because she was receiving full coverage with her insurance. Those funds were RETURNED to Leap of FaithE after the year. But, we received a letter from her therapist requesting the funds back to cover ongoing mental health therapies since she is healing and growing so much in therapy!

Jersey's Story

WE RECEIVED AND PROCESSED OUR 12TH APPLICATION

This was our first application where the adoptive family is from Idaho! Right from the start, this story is special. Jersey has Down's Syndrome but that did not stop the birth mom from carrying her to term. The adoptive agency helped her create a birth plan, and the adoptive family loves her unconditionally. This is a beautiful story of a strong birth mother who reached out for help and found the right resources to protect the baby. It shows how the birth parents and adoptive parents should come together for the health and wellbeing of the adoptee.

Match Day 2025 was a huge success.

Our goal was to raise enough funds to cover two applicants. You surpassed and even doubled our goal. **We raised enough funds to cover at least four applicants!**

To show our appreciation to our donors, we held drawings for Leap of FaithE shirts throughout the day. **If you received a shirt, we'd love to see you wearing it!** Send us a photo if you're comfortable with us sharing it on our social media.

Through a partnership with Abiding Love Charities, we sent gift boxes to birth mothers to encourage them on their journey.

18 BOXES sent on Mother's Day.

5 BOXES sent on Christmas.

COFFEE PROMOTION ON NATIONAL ADOPTION DAY

These coffee businesses helped us spread awareness about adoption and Leap of FaithE! Over 42 cars at Barista's Daily Grind and over 60 people at Crafted Caffeine enjoyed a free drink. Several people decided to pay it forward!

Thank you to our communities for the kindness!

BIRTH MOTHERS HAVE SOUGHT OUT THEIR MENTAL HEALTH HEALING

Healing is not a linear process so three birth mothers have had their one year pass without using funds. Their funds are now reinstated because they are starting therapy!

End of Year Match

We ended 2025 with a private donor match challenge of \$10,000. Challenge accepted and was met. This means over \$20,000 was raised thanks to many of you!

If anyone donated \$100 or more, they were entered into a drawing for a 3-night stay at the How 'boutcha Hideaway Cabin.

"Thank you for the additional thoughtful gifts you sent our way - after already blessing us with an adoption grant! We love the personalized ornament with (adoptee's) name and details. What a meaningful keepsake! We can't wait to add it to our Christmas tree this year. Thank you also for the books for us AND (adoptee). We're looking forward to reading both. Thank you for your generous support of our new little family."

Books we send to adoptive families

We filled the empty seat in our Board of Directors this past year. Our board of five is very active, with members living all over the state of Kansas. Adoption has touched the lives of each board member, so the mission of Leap of FaithE is VERY alive on the hearts of our board.

To our donors, THANK YOU....without your generosity, the Leap of FaithE vision wouldn't be able to be alive and blessing others like it is. Thank you isn't enough but THANK YOU!

Testimonial

"The thing that makes Leap of FaithE special is their focus on the birth mother's support and access to mental health resources after the adoption placement decision has been made. If you want to help an adoptee the best place to start is by supporting their birth family. Supporting Leap of FaithE is a great way to do that because this is one of their top priorities, if not THE top priority."
